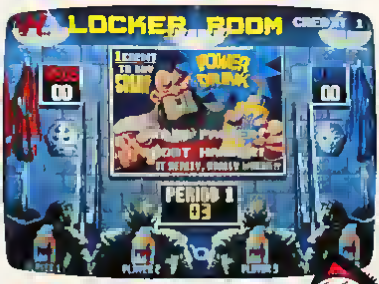
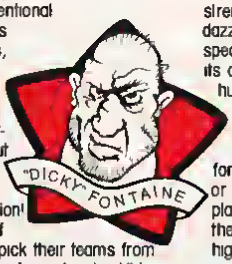
FACE OFF WITH THE POWER PLAY EXCITEMENT OF A WILLIAMS WINNER!



You don't have to know the difference between a hat trick and a hip check when The Blues face off against The Reds in the latest video game sensation from Williams—**HIT THE ICE.**

For 1 to 4 players, **HIT THE ICE** is anything 'but' a conventional sports simulation with its fights, trips, body slams, shattering glass, blazing shots, head-over-heels spine-tingling checks, hacking, slashing, spearing, elbowing, and all-out knock-down, punching, bone-crunching, heart-stopping, fast-paced action!



The gloves are off when players pick their teams from the roster of spectacular *Video Hockey League*™ All-Stars such as "Dicky Fontaine," the silver-haired wily veteran who holds all the VHL scoring records—both on and off the ice, or legendary goalie Pierre Boudoir known as "The Panther" for his cat-like reflexes in the net who has been knocked unconscious so many times, he only has eight lives left.

Only **HIT THE ICE** delivers so much multi-player fun and excitement with 8-way joystick, shoot/check button and pass/save button controls, continuous buy-in and between period locker room intermissions for playing tips and the chance to purchase a special *POWER DRINK*™ that energizes on-screen combatants for the type of frenetic acrobatic antics that have to be seen to be believed

Fog horn blasts, wailing sirens, organ music . . . **HIT THE ICE** dazzles players with eye-catching graphics, spectacular effects and speech, and its own special brand of humor. Featuring full operator adjustable game difficulty settings and the potential for tournaments or even league play, experience the high-scoring, high-energy earnings power of **HIT THE ICE!**
